There are a number of culture schools in Nacka that between them offer a wide range of exciting courses. You can find all available courses in our course catalogue at [nacka.se/kulturskolor](http://nacka.se/kulturskolor). Culture school offers you the opportunity to be creative and meet new friends at the same time.

If you are between 7 and 19 years of age and live in Nacka, you can enrol on several courses at the same time. If you attend or have attended an upper-secondary school for pupils with intellectual disabilities, you can continue until you are 24 years of age.

All courses with the same specialisation have the same tuition fee. For example, all guitar courses cost the same regardless of which culture school they are offered at.
